

THREE TYPICALLY IMPROPER PLACES in which to wear or keep Y-12 Plant identification badges are shown above. Proper identification is an essential part of security—so all badges must be prominently displayed by all Y-12ers while within the plant.

Proper Identification Of Everyone Entering Y-12 Plant Necessary For National Defense

Proper Wearing, Protection Of Badges Required To Prevent Entry Of Unauthorized Persons

Proper identification of all persons who enter the Y-12 Plant—both employees and visitors—is essential to the protection of information affecting the national defense!

Everyone who enters the plant is issued an approved type of identification medium. Each employee having proper security clearance is issued a "take home" picture badge. This badge is for identification only.

Protect Against Loss

The Y-12 identification badges should be carefully protected against loss. This is most important, because if an unauthorized person obtains possession of such a badge, that person possibly could obtain entrance to the plant.

If any Y-12 employee loses a badge, the fact should be reported immediately to the Security Department, Bldg. 9704-2, plant phone 7283.

If a badge becomes damaged or defaced in any manner—a new badge may be obtained by request through Supervision.

Proper Wearing Essential

It is required—and is essential—to the plant security that every person inside the Y-12 Plant Area wear the identification badge or pass—and wear it properly. This is necessary so that the wearer may be immediately identified.

The proper place for an employee to wear a badge is on the shirt collar for men or attached to a garment front or collar for women—as shown in the accompanying pictures. Badges carried in pockets or purses or left in desk drawers are useless for identification purposes until they are removed and properly displayed.

Every Y-12er must help protect his own work area against the presence of unauthorized persons. Anyone not properly displaying a badge or pass should immediately be challenged—and referred to Supervision.

Safety Lane Visits Urged Of All Y-12ers

Inspections Valuable On Eve Of Vacations

The Oak Ridge Safety Lane, off the Turnpike back of the Oak Ridge Motors building, will open as long as the demand exists for testing motor vehicles for safe operating condition, city police authorities announced last week. Y-12ers who have not yet had their cars inspected and tested are urged to do so immediately—particularly as the vacation season is in full swing. It certainly is important to have cars in safe operating shape before leaving on long trips.

The lane is open from noon to 6 p.m., Mondays through Fridays, and from 10 a.m. to 4 p.m. on Saturdays.

Every part of a motor vehicle essential for safe operation is tested at the safety lane. This includes brakes, lights, wheel alignment, horn, windshield wipers and other vital parts. Vehicles passing the test receive one of the coveted safety lane stickers that proclaims to the world that the automobile or truck is in good mechanical condition as far as its safety factors are concerned.

Metals Co. Will Study, Produce Metal For USAF

The Union Carbide Metals Company has signed two contracts with the United States Air Force to produce and study scandium, an extremely rare metal. The contracts total about \$60,000.

Although little is known about scandium, the metal is of interest because of its unique properties. It has a density comparable to aluminum but a melting point about two and one-half times that of aluminum. In addition making a detailed study of properties of the metal, the Metals Company will produce one pound of the metal of 99 per cent purity at an estimated cost of \$20,000.

Memorial Day Holiday On Friday Pays Tribute To U.S. Honor Roll

Y-12ers Urged To Make Week-End Trips Safe

This coming week end will see Y-12ers and other Union Carbide Nuclear Company employees in Oak Ridge observing the Memorial Day Holiday. As the date of Memorial Day, May 30, falls on Saturday, the holiday will be observed in the Y-12 Plant and other UCNC facilities in Oak Ridge on Friday, May 29.

Friday Holiday In Y-12

On this day, Friday, May 29, no Y-12 employee will be required to work except those required for the continuous operation and protection of the plant.

Memorial Day is—and should be to every American—the opportunity to pay tribute to the veterans of all wars in which the United States has engaged for the preservation of freedom throughout the world. Throughout the nation friends and relatives of every man and woman who wore the uniform of the country—particularly those who made the supreme sacrifice—will be paying tribute to them. The tribute will take many different forms—from memorial services by patriotic organizations, the decorating of graves of veterans in cemeteries throughout the land and even small gatherings to honor some one person dear to them who served his nation and who now is dead.

Many Y-12ers Affected

Every Y-12er is urged to pause briefly some time during Saturday, May 30, in remembrance of these men and women—and many Y-12ers will not have to be reminded of the occasion as their families have memories of loved ones on the honor roll of the country.

Of course, the long week end holiday provided by the Memorial Day observance offers the opportunity for travel on the highways—with the usual holiday hazards of heavy traffic posing a problem of safety to all motorists.

Caution Urged Of All

It should not be necessary to remind every Y-12er planning such trips that the Memorial Holiday.

Continued on Page 4

Many Happy Y-12ers Enjoy Spring Frolic

Everyone had a whoppin' good time at the Y-12 Spring Dance which was held last Friday night, May 22, in the Oak Terrace Ballroom. Those who attended stated that this was the best Spring Dance held in years.

The door prize winners were more happy than the rest including John Lay, SS Control, who won the first prize, a GE Waffle Iron and Grill. The second prize was won by Doris Hopkins, AEC, who said she will certainly use the Sunbeam Steam and Dry Iron she was lucky enough to win. A Mirror-Matic Coffee Maker was the third prize and was taken home by Mrs. Pat Sebdo, whose husband Paul, is with Catalytic Construction Company in the Y-12 Area.

Pictures will appear in the June 3, issue of the Bulletin.

Monday Is Deadline For Award Card Return

14 Useful Items Offered UCNC Y-12 Employees

Don't forget that deadline for returning those individual safety award selection cards for the 24th Union Carbide Safety Period in the Y-12 Plant Area. All of the cards must be in the hands of the Safety Department not later than Monday, June 1.

Union Carbide Nuclear Company employees in the Y-12 Plant Area have been offered a choice of 14 attractive and useful articles for their individual safety awards. The articles are on display at the Y-12 Cafeteria and the Dispensary and also are being shown on a rotating basis at each plant portal.

The articles are two air mattresses, Chatham blanket, copper-lined Revere double boiler, Schaefer snorkle fountain pen, metal lunch box with thermos bottle, one dozen pairs of men's stretch socks in assorted colors, pop-up type man's nylon umbrella, twin spotlights for outdoor house lighting, soldering gun kit, scissors set, travel alarm clock, travel iron in case, welding torch kit, zip-a-robe for lap robe or football stadiums with case.

These articles, valued at about \$5 each, are offered for helping the Y-12 Plant set up its second longest string of accident-free days. The 24th Union Carbide Safety Period began November 14, 1958, and ran until April 16. During that 154 days a total of 4,963,757 accident-free hours of plant operations were performed.

'Spot Sale' Of Vehicles Set For June 10 By UCNC

About 165 used government motor vehicles of widely varied description will be sold to highest bidders in a "spot sale" to be held Wednesday, June 10, by the Union Carbide Nuclear Company Property Sales Department. The sale will start in the morning at the Company warehouse on River Road near Elza Gate.

The vehicles to be sold include sedans from 1952 to 1956 models, trucks of various types, carryalls, a scooter and motorcycle. They may be inspected at the warehouse property beginning Monday, June 1, up to the time bids are opened at the sale. Buyers will have until July 11 to make final payment on their purchases.

ISA Section To Hear Talk By P. F. Gillman

Pneumatic Analog Use Will Be Demonstrated

P. F. Gillman, manager of chemical industry sales of the Taylor Instrument Co., Rochester, N. Y., will speak at a meeting of the Oak Ridge Section of the Instrument Society of America at 8 o'clock next Wednesday, June 3. Gillman's subject will be "Use of Pneumatic Analog as a Tool for Personnel Training and Process Control Studies." He will discuss the principles of a pneumatic analog system that can be used to stimulate a chemical process. He will demonstrate this with working models of instruments.

The speaker formerly was a member of the Oak Ridge Section of the ISA when he was sales engineer for the Knoxville area for the Taylor firm.

In a business meeting President C. S. Lissner will announce the result of the election of officers for the coming year.

Miss Norma O'Neal

Daughter Of Y-12er Achieves Honors At Clinton School

Miss Norma O'Neal, daughter of Norman O'Neal, of the Y-12 Product Processing Department, and Mrs. O'Neal is another young lady with Y-12 parents who is making outstanding achievements in high school. Miss O'Neal has been a majorette at Clinton High School for three years and was head majorette last year. She has won a medal in baton twirling for 17-year-olds at the Tennessee Valley Agricultural and Industrial Fair at Knoxville last September.

Miss O'Neal has been chosen as citizen of the month of May at Clinton High School. She is secretary of the National Honor Society at CHS and is a member of the Future Business Leaders of America, the FTA and also of the school band that won honors in a recent band festival at Bristol, Tenn.

She expects to attend Tennessee Polytechnic Institute at Cookeville next fall.

Rides Wanted, Offered

Ride wanted from 104 Pleasant Road, Oak Ridge, to Central Portal, straight day. Peggy Silver, plant phone 7-8522, home phone Oak Ridge 5-9574.

Riders wanted from Sweetwater, Loudon or Lenoir City to any portal, straight day. J. C. Zimmerman, plant phone 7-8244, home phone Sweetwater 5775.

Ride or riders wanted or will join car pool from vicinity Highland View School, Oak Ridge, to West Portal, straight day. W. L. Boutwell, plant phone 7101, home phone Oak Ridge 5-1892.

Ride wanted from 801 Medoris St., Clinton, to West Portal, straight day. Robert Slate, Jr., plant phone 7-8289, home phone Clinton 1885.

Riders wanted or will join car pool from Karns to any portal, straight day. Jim Delaney, plant phone 7-8643, home phone Knoxville 8-1106.

Riders wanted from Oliver Springs to East, North or Central Portal, straight day. Dean Jus-

ENGEL-WHITE

Miss Lorraine White, of the Y-12 SS Control Department, and John Richard Engel, Oak Ridge National Laboratory, exchanged marriage vows on Sunday, May 16, at Dowelltown, home of the parents of the bride. The ceremony was held at 3 p.m. in the Cross Plains Methodist Church with the Rev. James M. Davis, pastor of the church, officiating.

The bride is the daughter of Mr. and Mrs. Robert Jones White. The groom is the son of Karl Engel, Toledo, Ohio.

Given in marriage by her father, the bride wore a dress of Chantilly-type lace fashioned with a basque bodice, long-fitted sleeves, scoop neckline edged with scallops and a very full skirt that swept into a chapel train. A fingertip veil of imported illusion was held by a half-cap of matching lace with seed pearl trim. She carried a white prayer book with orchids and baby orchids cascading.

Mrs. John P. Judish, the former Miss Mildred White and sister of the bride, was matron of honor. She is with the Y-12 Maintenance Planning Department. Bridesmaids were Mrs. Clay Avant, Alexandria, Tenn., and Mrs. Carroll E. Weller, Cincinnati, Ohio, sister of the groom. Junior bridesmaids were Mary Ellen Wilson, Lenoir City; and Patricia Ann White, Dowelltown, nieces of the bride. The attendants wore dresses of mellow mint mooncloud organza with scoop necklines, cap sleeves, tucked cummerbund, very full skirts of ballerina length. They wore picture hats and carried bouquets of yellow shasta daisies.

Melvin L. Batch, of Lynchburg, served as best man. Ushers were James H. White, Dowelltown, brother of the bride; and James O. Kolb, of Oak Ridge.

A reception was held at the church immediately following the ceremony.

The couple will live at 222 North Purdue Ave., Oak Ridge.

VINSANT-BRUCE

Following their marriage on May 2, Leonard Delus Vinsant and his bride, the former Miss Roberta Jane Bruce, of LaFollette, Tenn., now are at home in Jacksboro, Tenn. The wedding was solemnized at the home of the bride's mother, Mrs. Rosie Lee Bruce, at LaFollette.

The groom is a chemical operator in the Y-12 Beta Two Department. He is the son of Mr. and Mrs. Emory Vinsant.

The bride was given in marriage by her mother and for her wedding chose a white sheath dress, white hat with a miniature veil and carried a bridal bouquet of white orchids.

Miss Wanda Bruce, sister of the bride, was maid of honor. She wore a sheath dress of powder blue with white accessories and carried a bouquet of spring flowers.

Lee Wells served as best man.

Following the wedding a reception was held at the home of the bride's mother. The decorations carried out the theme of spring. The wedding was small with only close friends and relatives attending. Guests included Mr. and Mrs. Lee Wells, Mr. and Mrs. C. E. Walden, Misses Doris Walden and Azalee Bruce, William Bruce, Donald Ray Bruce and Danny Bruce.

The couple honeymooned at Daytona Beach, Fla. The bride's going-away outfit was a black sheath dress with white accessories. She wore an orchid taken from her bridal bouquet.

tice, plant phone 7627, home phone Oliver Springs 5636.

Security is everyone's responsibility.

Mrs. John R. Engel

Mr. and Mrs. Leonard D. Vinsant

Get well wishes are extended to the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

J. P. Parker, TW Shop; E. L. Frye and J. J. Goodman, Cafeteria; J. M. Butts, General Machine Shop; A. E. Allen and R. L. McKinney, Mechanical Maintenance; A. P. Murphy and C. E. Guinn, Jr., Production Control; Georgia Leonard, Production Analysis; L. A. Jeffreys, Buildings and Grounds; H. T. Christie, Electrical Maintenance; L. V. Thornton, Product Processing; O. M. Kelly, Beta Four Heavy Machine Shop.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 years of Company service within the next few days. There are no Y-12ers with 10th employment anniversaries coming up within the next week.

15 YEARS

John S. Orr, Electrical Maintenance, May 29.

Ella C. Humphrey, Beta Two, May 30.

Hazel P. Lemons, Chemical, May 30.

Thelma L. Bradshaw, Product Processing, May 30.

Lee Johnson, Sunflower Foundry, May 30.

Theodore E. Lankford, Process Maintenance, May 31.

Thomas E. Shaw, Research Services, June 1.

Roscoe E. Barringer, Development Operations, June 1.

Virginia P. George, Alloy Division, June 1.

Valjean C. Jackson, Physical Testing, June 2.

John W. Strohecker, Engineering Division, June 2.

Speaking of pictures—

This corner presumes that one and all have noticed the profusion of pictures of babies, fish, talented school youngsters and other current topics appearing in this colyum and elsewhere in The Bulletin of late.

The editor of this publication and proprietor of the Colyum wants to thank all contributors for such pictures—because they help make the paper what it is supposed to be—a medium for letting all Y-12ers know about their fellow folks.

So—keep it up—and in passing, the Prop. and Gen. Mgr. of this space also wants to use some vacation snapshots and will gladly publish them if submitted. Don't worry about the quality of the print—if it is reproducible at all, it will be used.

So, after this long preamble—let's get along with the goings-on and chit-chat about folks and things—

FINANCE AND MATERIALS

Well, Ol' Grandflappy Eddie Pluhar, Finance and Materials Administration didn't come up with any more fish stories last week—so the Colyum will proceed with other interesting and easily verified items about the division.

From Material Control comes word that Lucia Shults and her hubby, Capt. D. C. Shults, of the Fire and Guard Department, vacationed in South Carolina . . . Eva Williams is spending a week around home in Madisonville . . . Edith Cruze stayed at home in Knoxville for her vacation.

Property reports that Roscoe "Judge" Angel is enjoying a vacation at home in Oakdale . . . Get well wishes are extended to ailing J. D. Housley.

PLANT ENGINEERING

Civil and Architectural Engineering reports that R. C. "Bobby" Hopkins has journeyed to that "land of sun," Florida to y'all, for his vacation . . . W. M. Rice recently traveled to the Bluegrass country of Kentucky and wants to warn anyone else planning a journey in that direction to watch out for a radar speed trap near Lebanon to nab unwary motorists who exceed the state speed limit . . . So now Rice will have to do without fenders for that trailer for the new boat he has acquired for his summer estate on Watts Bar Lake . . . B. L. Fritts is using his vacation time to work on his new house and George Reece left for parts unknown . . . The boating bug has really hit the department with Craig Ross buying a new 14-footer and now trying to catch all the fish in Norris Lake—and 'tis talked about that he took his boss, Bill Hopkins, angling a few Saturdays ago—but no fish . . . Gus Angele, that old seafaring man from 'way back, has finally broken down and is having his sail boat covered with fiberglass so he won't suffer his annual attack of aches and pains from scraping and painting.

Vacationing is the popular pastime in Mechanical Engineering this week with Lillian Higgins spending a leisurely week at home, Morris Clark loafing around the house and Don Rose and family up in Ol' Virginny this week and next . . . A hearty welcome was accorded Jo Ann Sheahan, of Knoxville, who joined the happy MEs last Wednesday—she has been assigned to the department's office in Bldg. 9204-4.

CHEMICAL OPERATIONS

Beta Two passes along the good news that V. C. Beckner is generously helping to build a house for his daughter while he is vacationing . . . Rapid recovery wishes go to hospitalized L. D. Lands.

Chemical confides that its latest Proud Pop is B. H. Norman, whose new son arrived May 20, weighing seven pounds, five ounces . . . J. D. Bounds was a Knoxville vacationer last week . . . Hazel Lemons is at home in Sweetwater this week and planning a side trip to Campbellsville, Ky., to see her son.

TECHNICAL

This cute little sleepy-time gal is Shirley Ann Bassett, new daughter of Mary Waldrop Bas-

sett, a former Production Analysis employee.

Shirley put in her appearance on May 3 . . . Thelma Cole is vacationing in Florida, accompanied by Genevieve Bryant, a former Y-12er.

Elizabeth Johnson, Laboratory Operations, and her husband, Clarence, of Safety, visited relatives in Mississippi recently.

Production Inspection is gravely concerned over some of its ailing folks to whom get well wishes are sincerely extended—H. F. Kidd is in St. Mary's Hospital, Knoxville, following an operation; C. R. Posey is recovering from a hernia operation in a Chattanooga hospital and G. L. Day has been out sick for several weeks.

Roy Roberts, Radiation Safety, is rapidly gaining stature as a Grandpop—the latest grandchild added to the roster being a daughter born to Mr. and Mrs. Jack Roberts (she's the former Pat Roberts and daughter of Roy) at Spruce Pine, N. C., recently, weighing eight pounds, seven ounces. This makes three grandchildren for Roy as he previously boasted of two grandsons . . . Ray Whitehorn, his sister, Betty, secretary to Bob Olson, of the Development Division, and their mother are Daytona Beach vacationers . . . Art Stewart is just resting up at home in Oak Ridge this week.

INDUSTRIAL RELATIONS

She's a real happy young lady—is smiling Mary Christine McGrath, just eight months old and

recently adopted by Guard George H. McGrath, of the Fire and Guard Department . . . Lieut. R. G. Perkins, his wife and family, are vacationing for a couple of weeks with a sister-in-law at Sebring, Fla. . . Guard C. C. Evans is visiting kin folks over Spartanburg, S. C. way . . . Guard A. J. Jeffers and his wife are visiting relatives in Murray, Ky., and Jeff plans to try his fishing luck in nearby Kentucky Lake . . . Guard F. L. Roberts is really going on a jaunt—first with his son, Mike, and his wife down to Montgomery, Ala., thence to Nashville to see his mother-in-law and after that all the way to Detroit, Mich., to visit his brother—looks like he'll have to rush back to the job to rest up . . . Guard M. R. Braden and family plan to visit Cumberland Gap State Park and the Smokies while vacationing with a stay with his parents in Blue Springs also on the itinerary . . . Get well wishes are rushed to Guard Paul Williams . . . What-ever happened to Capt. Emmett "Kingfish" Moore—we ain't heard tell of him for a whole week.

Mary McGrath

She's a real happy young lady—is smiling Mary Christine McGrath, just eight months old and

recently adopted by Guard George H. McGrath, of the Fire and Guard Department . . . Lieut. R. G. Perkins, his wife and family, are vacationing for a couple of weeks with a sister-in-law at Sebring, Fla. . . Guard C. C. Evans is visiting kin folks over Spartanburg, S. C. way . . . Guard A. J. Jeffers and his wife are visiting relatives in Murray, Ky., and Jeff plans to try his fishing luck in nearby Kentucky Lake . . . Guard F. L. Roberts is really going on a jaunt—first with his son, Mike, and his wife down to Montgomery, Ala., thence to Nashville to see his mother-in-law and after that all the way to Detroit, Mich., to visit his brother—looks like he'll have to rush back to the job to rest up . . . Guard M. R. Braden and family plan to visit Cumberland Gap State Park and the Smokies while vacationing with a stay with his parents in Blue Springs also on the itinerary . . . Continued on Page 4

BATTERS HAD BOTH GOOD AND BAD FORTUNE in a recent game between the Whiz Kids and Sportsmen of the Y-12 Plant Softball League. At left Muriel Emery, of the Whizzers, is shown whacking out a home run. The catcher is Bill Dodson,

of the Sportsmen. In the picture at right Sportsmen batter Ben Bailey swung mightily but just fouled one off. The catcher is Whiz Kid pilot J. D. Collins. The umpire in both pictures is Frank Muckenthaler.

THE 1959 EDITION OF THE WHIZ KIDS of the Y-12 Plant Softball League are shown above. From left are Manager J. D. Collins, Robert Hayes, Bill Everett, Jr., Ernie Collins, Don Matlock, Don Forrester, Muriel Emery, Pinky Lee and J. B. Peters. Squad members absent when picture was made were Ken Summerfield, Gib Hatmaker, Bob Halsey, John Brown, Ralph Vaughn and Tom Adkins. The team was leading the loop last week.

WORMS PROVED THE DOWNFALL of this beautiful brook trout caught recently by J. E. Somers, Graphite Shop, that will be a strong contender for honors in the Y-12 Annual Fishing Contest.

Whiz Kids Take Two Tilts, Lead Y-12 Softball Loop

With a couple of wins to their credit in the second week of play in the Y-12 Plant Softball League, the Whiz Kids took over undisputed possession of first place in the circuit and the distinction of being the only unbeaten team in the loop. The Whiz Kids took a well-played game from the Sportsmen by 4 to 2 and then atomized the Atoms 8 to 1. In other tilts last week the Atoms turned in a 11 to 5 win over the Slow Pokes and then let the Sportsmen walk away with a 11 to 4 triumph.

Matlock Hurls Two-Hitter

Don Matlock hurled a two-hitter and whiffed 14 Sportsmen in the first Whiz Kids victory. The Kids got only six safeties off Bill Sise, but bunched them for a three-run fifth inning to wrap it up. Everett got half of the Kids six hits and Emory banged two. Against the Atoms the Whizzers had only five bingles, but took advantage of five errors to finish strong. Hayes pitched five innings for the winners with Matlock finishing. Manager J. D. Collins banged a triple for a big blow for the Kids.

A big seven-run third inning enabled the Atoms to enter the win column over the Slow Pokes. Curt Ridings led the winners with two for three with Biddix and Lewis duplicating for the Pokes.

Big Inning Brings Win

It was another big inning punch by the Sportsmen that repulsed the Atoms, seven Sportsmen crossing the platter in the second round. Each team got only five base hits but five Atom errors and four bases on balls by Hill helped the Sportsmen.

Line scores and league standing follows:

Team	W	L	R	H	E
Sportsmen	000	200	0-2	2	1
Whiz Kids	000	130	x-4	6	1
Batteries: Sportsmen, W. Sise and Dodson. Whiz Kids, Matlock and J. Collins.					

Whiz Kids	001	025	-8	5	2
Atoms	001	000	x-1	3	5
Batteries: Whiz Kids, Hayes, Matlock					

Atoms	000	400	x-4	5	5
Sportsmen	170	12x	x-11	5	3
Batteries: Atoms, Hill and Myers. Sportsmen, W. Sise and Dodson.					

Atoms	117	11x	x-11	9	0
Slow Pokes	300	02x	x-5	6	3
Batteries: Atoms, J. Grubb, Hill (2nd) and Myers. Slow Pokes, Spradlin and Furlong.					

Team	W	L
Whiz Kids	3	0
Sportsmen	2	1
Slow Pokes	1	1
Reactors	1	1
Atoms	1	2

Fine Prizes Given B Shift Anglers

Several fine prizes were awarded winners in the recent B Shift fishing rodeo staged on Norris Lake from the Pellissippi Boat Dock. W. G. Vann, Stores, was a double winner, taking a trolling rod and reel as a dock prize and then being awarded a life preserver cushion for catching the biggest rough fish. Other winners were S. J. Frost, Colex Auxiliary Operations, a reel for the biggest bass; H. R. Ellis, Chemical Operations Division, reel for biggest walleyed pike; H. J. Ballew, Fire and Guard, picnic table and chairs for the largest crappie; R. E. Norton, Property Sales, landing net for the top bream.

More State Streams Stocked With Trout

The re-stocking of four wildlife management areas with keeper-size trout has just been completed, according to Price Wilkins, principal trout biologist for the State Game and Fish Commission. Management areas whose streams have been replenished with adult trout include Unicoi, Kettlefoot, Laurel Fork and Andrew Johnson wildlife management areas. In this

Y-12 Golf Tourney Has 126 Players

Gillen, Rhyne, Webster Lead Field At Maryville

Three of Y-12's up and coming golfers took top honors in the second plant golf tournament of the year last Saturday at the Green Meadow Country Club, Maryville. Al Gillen and J. H. Rhyne toured the course in 77 strokes each to tie for top scratch honors. Eddie Webster came through with a low score of 70 to lead the handicap field.

NEXT TOURNAMENT SLATED JUNE 20 AT DEANE HILL

The third Y-12 Plant Golf Tournament of the season has been scheduled for Saturday, June 20, at the Deane Hill Country Club in Knox County. The same rules and prize list applying to the first two tournaments of the season will be in effect for the Deane Hill event. Further details on information about this tournament will be announced next week by the Recreation Department.

Good scores were the order of the day for the most part. Prizes of golf balls were given for the four best scratch and handicap scores in each of the four divisions and also for the most pars and second most pars in each division. Complete results follow:

FIRST DIVISION

Scratch: Al Gillen and J. H. Rhyne, 77, Bill Mee, 80, Eddie Roberts, Jr., 82. Handicap: Eddie Webster, 70, Frank Kennedy, 71, George Oliphant, 73, Walt Sherrod and Al Sawyer, 75. Most Pars: Joe Pryson and George Peterson, 8 each.

SECOND DIVISION

Scratch: Eddie Hendrix, 86, Walt Lovell, 88, Tom Perry and George Mitchell, 91. Handicap: B. I. V. Bailey, 71, Bill Wilburn, 76, Bob Loy, J. U. Price, Carl Kahley and R. P. Wallace, 77. Most Pars: H. C. Nichols, 6, and B. Loveless, 4.

THIRD DIVISION

Scratch: E. N. Rogers, 87, R. J. Luck, 92, Gentry Underwood, 94, W. C. Hoppe, Dick Dehoney and Bill Belvin, 97. Handicap: E. P. Braden, 69, J. D. Davis, 73, Ed Ellis, 78, L. C. Watson and Melvin Sanders, 76. Most Pars: E. R. McGinnis, 5, and J. W. Ebert, 4.

FOURTH DIVISION

Scratch: C. Spradlin, 97, George Heins, 99, Mack Wright, 100, Jim Wylie, 101. Handicap: Tom Harris and M. B. Hilton, 72, Ken Bowers, 75, John Franzreb, 76. Most Pars: Bob Terhearn, Paul Galle, Joe Youngblood and George Lockhart, 2 each.

NIGERIA BUYS DIESELS

Lagos, Nigeria, has received the first four of 18 Diesel electric locomotives bought in the United States for the Nigerian Railway Corp. The total cost of the locomotives will be about \$3,600,000.

Y-12 ANGLER SNEAKS UP ON BLIND SIDE OF CRAPPIE

It's a good thing there were witnesses along on that fishing foray by four Y-12ers from Piping Engineering April 25 on Watts Bar Lake — for Bill Weathersby came in with a catch of a one-eyed crappie. The feat was attested to by Jack Foreman, H. D. Landry and Gene Williams. Just how the fish had a cavity on the left side of his head where the eye should have been is not known—but the theory was advanced that it might have become cantankerous and tangled with a catfish and had the optic clawed out. Anyhow, Weathersby is charged by his companions of "sneaking up on the blind side" of his finny foe in the battle between angler and angled.

Shatley-Kahley Top Blue Loop Golfers

First place in the Blue League of Y-12 golfers in Oak Ridge was held by Shatley-Kahley with the only spotless mark in the loop in last reported action. This two-some blanked Matthews-Stout to keep ahead of Bartholomew-Smith, who handed a similar trimming to Pletz-Roberts. Wallace-Patterson shut out Berman-Hackett for six. Four-point wins were recorded by Earley-True over Everett-Lockhart and Gambill-Hamby over Gregory-Dehoney. Orrison-Thomson divided their match with Maddux-Luck at three points each.

Newt Hamby had low scores with 38 scratch, 34 handicap.

League standing follows:

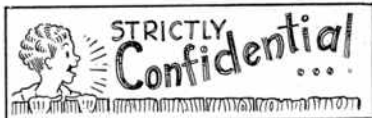

Team	W	L
Shatley-Kahley	12	0
Smith-Bartholomew	10	2
Earley-True	7	5
Orrison-Thomson	7	5
Gambill-Hamby	6	6
Wallace-Patterson	6	6
Berman-Hackett	6	6
Gregory-Hackett	5	7
Everitt-Lockhart	4	8
Matthews-Stout	3	9
Pletz-Roberts	3	9
Maddux-Luck	3	9

"Curly" O'Dell on vacation, but they didn't leave forwarding addresses... Get well wishes go to John Trent, still on the ailing list too long.

SHIFT SUPERINTENDENTS AND UTILITIES

Ada Hopkins, Shift Superintendents, and her hubby, Clyde, Production Control, are vacationing in Gulf Hills, Miss. . . . Everybody in the division is glad that Plant Shift Superintendent Dan "Admiral" Rader's father, who has been ill, was improving late last week.

Utilities sends word that L. Ellison is spending a varied vacation—going to homecomings and planting tobacco . . . E. M. Baird also is industriously engaged, building a new home in LaFollette, Tenn. . . . D. G. Watson didn't reveal his vacation plans before departure . . . J. D. Toliver is visiting his father in Harlan, Ky., during his long break . . . J. H. Humphreys spent his break visiting kin folks in Georgia . . . W. A. Eubanks had his brother visiting him from Florida over the past week end and they spent the time fishing at Santee Lake in North Carolina . . . L. M. Kittrell spent an enjoyable vacation on Watts Bar Lake—for further details see him and T. L. Moore . . . The department welcomes R. W. Chrisman back after his illness.

The Steam Plant was told by K. H. Wright that he plans to spend his vacation in Florida—but pals wonder if he won't break down and travel in the other direction to see some major league baseball as he has done for the past five years—still trying to determine what makes ball players "pop up." (Unsolicited advice from the Editor—why not ask Casey Stengel?) . . . J. L. Hart spent a part of his vacation in Richmond, Va.

MAINTENANCE

Just one day old was Beverly Jean Newberry, pride and joy of Grandpa J. F. Johnson, Electrical Maintenance, and mad already when the picture was taken. She is the Y-12er's first granddaughter and was born May 11 at Baptist Hospital, Knoxville, weighing

seven pounds, nine ounces . . . Get well wishes are wafted to H. T. Christie, W. Wolfe and J. L. Watkins (all three hospitalized) and likewise to T. G. Crabtree, J. W. Scarborough, W. H. Jones and R. E. Stephens . . . C. G. Treece will spend part of his vacation plucking strawberries on J. V. Bibee's patch—and when he gets through there plans to visit kin folks in Rome, Ga. . . . W. S. Caruthers will journey over to West Tennessee and then proceed to Indianapolis to see the "Bloody 500" mile automobile race Memorial Day . . . W. H. Dial is taking his family and several bottles of sun-

tan lotion to Daytona Beach . . . R. F. Moyers is spending his time off working on his home and fishing . . . J. H. Jones also is figuring on some fishing at Blue Springs on Watts Bar Lake and other favorable angling areas . . . M. E. Kitchens is keeping his vacation plans as "top secret" . . . Going thataway without telling their plans were W. H. Haddix, W. M. Akers, K. W. Rainbolt and L. E. Fisher.

W. P. Mattingly, Research Services, is trying to thin out the fish population of Watts Bar Lake . . . Another angling vacationer is P. E. Clifton . . . M. W. Moore is visiting relatives in Memphis, among whom will be a sister from California . . . O. L. Kelley is taking in the activities of Panama City, Fla. . . . T. J. Hunnicutt got as far as Atlanta, Ga., on his resting-up trip . . . J. W. Webb went out to Houston, Tex., to visit his sister . . . T. J. Boring, E. B. Oglesby and E. T. O'Rourke are stay-at-homers . . . R. L. Oswald is welcomed back after an illness of two months . . . Get well wishes are sent W. E. Thomas and B. E. Burdette.

Mechanical Maintenance has L. Wright at home on vacation getting acquainted with his new son who arrived on May 7, weighing seven and one-half pounds . . . A. A. Armour is off on vacation this week that should be a dilly since he has his own swimming pool and a cruiser for fishing on Watts Bar Lake . . . J. S. McGhee plans to lower the level of Norris Lake this week by pulling out some big fish—and one and all wish him the best of luck . . . B. F. Nicely and family are off to Florida . . . Rapid recovery wishes are sent R. L. McKinney and A. E. Allen, both in Oak Ridge Hospital . . . Likewise to the mother-in-law of G. D. Smallwood, who underwent surgery last week.

If anyone has any good reason for hunting down the Colyum Conductor and Editor this week—don't look for him around Y-12. He'll be hob-nobbing with fellow plant publication editors, first over at Norris and Clinton over the past week end with his Appalachian Industrial Editors Association and all this week in the sudsy city of Milwaukee attending the International Conference of Industrial Editors' 1959 conclave.

Meanwhile, his old "stand-in," Daniel "Dixie" Culp will keep the store—so you folks help him out this week.

Y-12ers Honored By Power Squadron

Richard E. Hulme, of the Y-12 Plant Engineering Division, was installed as secretary of the Oak Ridge Power Squadron on Saturday night, May 9 along with other officers. Hulme also passed the navigation course offered by the squadron.

Other officers installed by the squadron were R. S. Lord, Oak Ridge National Laboratory, commander; Harry H. Hubbel, ORNL, lieutenant commander; and Sam DeCamp, ORNL, treasurer. Gus Angele, of the Y-12 Civil and Architectural Engineering Department, was reappointed to the post

ANOTHER "FIRST LINE OF DEFENSE" LOCAL EMERGENCY SQUAD in the Y-12 Plant is this group in Bldg. 9720-8. In the front row, from left, are W. H. Stanton, Jr., co-Local Emergency Squad Director; T. H. Bettis, C. W. Stegall, T. C. Hudson and R. H. Stooksbury. In the back row are L. H. Kahler, J. W. Leinart, H. D. Morris, J. J. Turner, B. N. Strunk and J. B. Geasland, also a co-Local Emergency Squad Director.

Memorial Day Pays Tribute To Veterans

Continued from Page 1
day—as well as other holidays and every vacation trip—results in death and injury to many travelers. However, exercising common sense and courtesy in driving, observance of traffic laws and signs can—and will—reduce this toll. Such caution also will be a big factor in protecting the individual Y-12er and members of his family who might take to the crowded highways over the week end.

So, The Bulletin urges every prospective week-end traveler to take every precaution—and not to join the "Luckless Legion" of persons who will be included in the holiday casualty lists. More than 2,800,000 Americans were drafted into the "Luckless Legion" in 1958. There were 36,700 men, women and children numbered among the dead of the "Luckless Legion" last year—and for every fatality there were 77 persons who received painful injuries. This injury total climbed to the staggering total of 2,825,000 for the year.

Don't be a "statistic," Mr. and Mrs. and Miss Y-12er, over the week end. Shun the "Luckless Legion" and return safe and sound.

Harriman Leaders Both Triumphant

The teams of Ed Ellis (Y-12)—Jim Anglin (ORNL) and Dave Cuneo—Warren Grimes (ORNL) kept their one-two positions in the Harriman Golf League for UCNC golfers in the week of May 18. The first place twosome defeated Hobey Thomas (ORNL)—Bill Hamill (Y-12) by three and one-half points. The second placers took a similar win from Bruce Isham (ORNL)—Ed Henck (Y-12). George Warlick (ORNL) and Ted Willmarth (Y-12) beat Bob Tilley (ORNL) and Bob Evans, (Y-12) by two and one-half points. Bill Hoppe (Y-12) and Ray Walker (ORNL) got a forfeit win from Ken Bowers—Bob Brown, both Y-12ers.

League standing follows:

Team	W	L
Ellis-Anglin	17½	6½
Cuneo-Grimes	15½	8½
Hoppe-Walker	15	9
Isham-Henck	12½	11½
Thomas-Hamill	12	12
Tilley-Evans	8½	16½
Bowers-Brown	7½	16½
Warlick-Willmarth	7½	16½

of educational officer. He is a former commander of the squadron.

VFW Will Honor Former UCNC Man Memorial Day

Although only one Oak Ridge patriotic group has set a formal Memorial Day program—many other groups are reported planning smaller rites in honor of the occasion.

The Veterans of Foreign War, Lewis Hamby Post, Oak Ridge, will hold a memorial service for a former Union Carbide Nuclear Company employee and United States Marine Corps veteran. He is former USMC Cpl. Anthony F. Kostal, Jr., who was with the Oak Ridge Gaseous Diffusion Plant before his accidental death in a traffic accident early this year.

The VFW post will place a wreath on the former corporal's grave in Oak Ridge Memorial Gardens.

Former Corporal Kostal was a graduate of Oak Ridge High School and also attended Columbia Military Academy, Columbia, Tenn. Members of his immediate family surviving are his father, wife, Nell; and daughter, Diane, who will graduate from Oak Ridge High School this year.

Lone Star Rodeo Set For June 10-13

The Lone Star Rodeo troupe from Bard, Tex., will pay its second visit to Oak Ridge June 10, 11 and 12 and 13 to present an action-filled program of riding, roping and other rodeo features. The rodeo will be sponsored by the East Tennessee Riding Club and the Atomic City Post, No. 199, American Legion. Many Y-12ers in both organizations will assist in handling details of the performance.

The rodeo performances will be presented at 8 o'clock each night of the engagement. There are about 125 contestants in the cast and around 200 head of bulls and horses will provide the thrills. Bronc and bull riding, calf roping and bulldogging and trick riding will be staged.

The Lone Star outfit played here last year and entertained large crowds with its program.

APPETIZING DISHES OFFERED ON Y-12 SPECIAL LUNCHES

Delicious main dishes are being scheduled for the 50-cent Y-12 Special Lunches to be served at the Cafeteria tomorrow, Thursday, May 28; and next Tuesday, June 2. Ham patties with pineapple sauce will be the entree on tomorrow's Special Lunch and on next Tuesday corned beef hash will be served. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

Douglas Lake Island Refuge Opened To Public

The Henderson Island Waterfowl Refuge on Douglas Lake now is open for the use of outdoor enthusiasts and will remain so through August, according to Bill Yambert, principal waterfowl biologist for the State Game and Fish Commission. Persons desiring to use the area may now do so providing they contact Officer Earl French at Dandridge and inform him when they expect to be on the area.

The 700-acre tract, which was declared a waterfowl refuge this past year, was of necessity closed to general use during the time waterfowl were using the area, since the purpose of the state refuge program is to attract and hold during the winter months as many migrating ducks and geese as possible.

In opening the Henderson Island area, Yambert pointed out that some portions of the refuge are now under cultivation, and asks that everyone use care in traveling over the planted areas so as not to destroy or damage these game food crops. He also asks that users of the area be extremely careful of fire and its attendant hazards.

MEXICAN PLANT OPENS

The production of National graphite electrodes has been started at the new plant of Electrodes Nacionales in Mexico, an affiliate of Union Carbide Corporation. It is the first operation of its kind in Mexico. Located near Monterey, the plant will have a capacity of 12,000 tons annually and will serve the electrical furnace steel, ferroalloy and electrochemical industries in Mexico.

Retirement is when one is more interested in the food than in the waitresses.
